

## KIBICHI BRIAN KEMBOI

Kirinyaga Kenya | +254768353360

[bkemboi590@gmail.com](mailto:bkemboi590@gmail.com) | [linkedin.com/in/kibichii-brian-62b264213/](https://www.linkedin.com/in/kibichii-brian-62b264213/) | [github.com/kemboi590/](https://github.com/kemboi590/)

### EDUCATION

**Kirinyaga University September 2021 – Expected Graduation: October 2025**

**BSC Software Engineering.**

### SKILLS

**Languages:** JavaScript & C.

**Library:** React.js.

**Cloud:** Azure

**Tooling:** GitHub, Git

### PROJECTS

#### Portfolio Website

June 2022

- I build frontend websites with HTML/CSS and JavaScript.
- I also use ReactJS library to build user interfaces.
- I build Responsive web design to enable websites adapt to different screen sizes and devices
- This is a URL link for my portfolio website: <https://kemboi590.github.io/my-portfolio-website/>

#### CMC Motors Clone

April 2021

- I worked with my team member to build CMC motors Clone as our project when we first learnt the basics of HTML and CSS.
- With the contribution of team members, we were successful in building the project. We used git version control to enable us work on same project simultaneously.
- This is the URL of the final product: <https://kemboi590.github.io/cmcmotors1.github.io/>

#### Printf

January 2023

- I'm still working to make it an extension of my chrome browser.
- This is a URL link of the product: <https://kemboi590.github.io/Link-saver/>

### LEADERSHIP AND COMMUNITY INVOLVEMENT

#### Beta Microsoft Learn Student Ambassador

January 2023-Current

I am a Microsoft learn student ambassador with passion in tech. My responsibility is to have an impact technically to my community as I get to develop and expertise my skills in tech field. It's a great opportunity for me to contribute in tech.

#### Club Participant– Computer Society of Kirinyaga

September 2021-Current

I'm a club member of Computer Society of Kirinyaga. We learn together with my fellow technology enthusiast students. This has given me the opportunity to collaborate with team members which has helped me to stimulate creativity and innovation as team members bring ideas to the table. I lead a group of members in learning web development technologies like HTML, CSS and JavaScript.

### EDUCATION AND CERTIFICATION

#### Software Engineering – ALX-Africa SE

December 2022-Current

I'm currently a student at ALX Africa Software Engineering Program. It is a 12-month program that prepares technology enthusiasts with technical and work-ready skills for a global career as a Full-Stack Developer.
